APPROVAL OF MINUTES

Motion by Mr. Carrera to approve minutes of the July 16, 2025, Committee meeting, second by Mr. McLaughlin. Unanimous approval.

STATE COMPENSATION BOARD

Ms. DeSocio reported the 1.5% bonus discussed during the May meeting is in the final appropriation process at the local government level. The State Compensation Board is in the process of developing the budget package to prepare for the next 2-year budget. It is anticipated to focus on jail staffing needs and inmate per diem. There have been no major changes in jail populations, therefore, no major funding changes are anticipated. The effort to assist jails in identifying veterans through the U.S. Department of Veterans Affairs (VA) Veterans Re-Entry Search Services (VRSS) is nearing implementation.

Mr. Hackworth asked if emergency positions will be deleted upon a decline in jail populations. Ms. DeSocio replied that as population has decreased since 2020, the emergency positions were delegated to other jails in need due to overcrowding. Currently, there are jails which qualify as overcrowded.

Mr. Carrera asked if indexing per diem is being considered. Mr. DeSocio answered she is aware the Virginia Association of Counties (VACO) and the Virginia Association of Regional Jails (VARJ) support indexing per diem.
