CALL TO ORDER

Chair Hackworth called the meeting to order.

DETERMINATION OF QUORUM

Chair Hackworth determined quorum present.

PUBLIC COMMENT PERIOD

None

APPROVAL OF SEPTEMBER MEETING MINUTES

Motion by Mr. McLaughlin to approve minutes of the September 17, 2025, Board meeting, second by Lieutenant Tucker. Unanimous approval.

NOMINATING COMMITTEE APPOINTMENT

Chair Hackworth announced the Nominating Committee to present a slate for the vacant officer position of Vice Chair. The vote will occur during the January 7, 2026, BLRJ meeting. The Nominating Committee members are Mrs. Jenkins, Chair, Captain Carey, and Mr. Moore.

COMMITTEE ASSIGNMENTS

Chair Hackworth announced all BLRJ members are members of each Committee.

Committee assignments and leadership:

Jail Review Committee: Mr. Sherrod, Chair. Mr. Sherrod designated Mr. Carrera as Vice Chair.

Policy & Regulations Committee: Mrs. Jenkins, Chair. Mrs. Jenkins to designate a Vice Chair.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Liaison Committee: During the November 19, 2025, Committee meeting, Colonel Smith was elected Chair, and he designated Sheriff Mike Taylor as Vice Chair.

MOTION TO RECESS

Motion to recess by Mr. Carrera, second by Mr. McLaughlin. Unanimous approval.

RECONVENE OPEN SESSION

Motion by Mr. McLaughlin, second by Mrs. Vermont. Unanimous approval.

JAIL REVIEW COMMITTEE

Chair Sherrod called the meeting to order and determined quorum.

CALENDAR YEAR UPDATE

Ms. Lautz stated 52 deaths were reported to BLRJ to-date in Calendar Year (CY) 2025.

MOTION TO INCLUDE NON-BOARD MEMBERS IN CLOSED SESSION:

The following was offered by Mr. Carrera as a **Motion**, second by Mr. McLaughlin:

Motion: Pursuant to the Code of Virginia (COV) §2.2-3712(F), I **MOVE** that the presence of the following individuals will reasonably aid the Committee in considering the subject of the closed session:

- a. Paul Beaupre
- b. Sgt. Burno, Sussex County Sheriff's Office
- c. Tawana Ferguson
- d. Brian Flaherty
- e. Sheriff Giles, Sussex County Sheriff's Office
- f. Mary-Huffard Kegley
- g. Alison Lautz
- h. Gerald Olson
- i. Andrew Parker
- j. Sgt. Pegram, Sussex County Sheriff's Office
- k. John Rock
- l. Demetrice Tyler-Holliday
- m. Sgt. Urquhart, Sussex County Sheriff's Office

Unanimous approval.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

MOTION TO ENTER CLOSED SESSION:

The following was offered by Mr. Carrera as a **Motion**, second by Lieutenant Tucker:

Motion: Pursuant to the COV§2.2-3711(A) (16) of the Code of Virginia, I **MOVE** the Committee begin CLOSED session to discuss and consider medical and mental health records.

Unanimous approval.

SUSSEX COUNTY SHERIFF'S OFFICE PRESENTATION

RECONVENE OPEN SESSION:

Upon the members' return to open session, the following was offered by Mr. Carrera as a **Motion**, second by Mr. McLaughlin:

Motion: I **MOVE** the Committee reconvene OPEN session and members certify that during the closed session, the Committee limited its discussion to matters lawfully exempt from the public meeting requirements as identified in the closed session motion. If a member cannot so certify, I ask they state the reason specifically on the record and the recorder take role.

All members in attendance certified by Roll Call.

ACTIONS

The following was offered by Mr. Carrera as a **Motion**, second by Mr. McLaughlin:

Motion: The Committee investigated the following case by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Committee finds that the investigation did reveal evidence indicating that the facility was out of compliance with the regulations promulgated by the Board. However, the Committee finds that the corrective actions taken by the jail appropriately address the substance of the violation such that no further measures are necessary. NOW THEREFORE, I **MOVE** that the following case be recommended to the Board for closure:

Case number 24-0035

Unanimous approval.

The following was offered by Mrs. Vermont as a **Motion**, second by Mr. McLaughlin:

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Motion: The Committee investigated the following cases by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Committee finds the investigation did not reveal any evidence indicating the facility was out of compliance with the regulations promulgated by the Board. NOW THEREFORE, I **MOVE** the following cases be recommended to the Board for closure:
Case number 25-0009
Case number 25-0028

Unanimous approval.

The following was offered by Mrs. Vermont as a **Motion**, second by Mr. McLaughlin:

Motion: The Committee investigated the following case by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Committee finds the investigation did not reveal any evidence indicating the facility was out of compliance with the regulations promulgated by the Board. NOW THEREFORE, I **MOVE** the following case be recommended to the Board for closure:
Case number 25-0037

Unanimous approval. Lieutenant Tucker abstained from this vote.

HENRICO COUNTY SHERIFF'S OFFICE PRESENTATION-COMPLIANCE PLAN

Sheriff Gregory shared the successful implementation of the electronic tracking system and thanked BLRJ for collaboration and support.

The following was offered by Mr. Carrera as a **Motion** second by Mrs. Jenkins:

Motion: I **MOVE** the Committee recommend to the Board, release of the Compliance Plan with Henrico County Regional Jail-West, effective November 19, 2025.

Unanimous approval. Mr. McLaughlin abstained from this vote.

The following was offered by Mr. Carrera as a **Motion** second by Mrs. Jenkins:

Motion: The Committee investigated the following cases by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Committee finds that the investigation did reveal evidence indicating that the facility was out of compliance with the regulations promulgated by the Board. However, the Committee finds that the corrective actions taken by the jail appropriately address the substance of the violation such that no further measures are necessary. NOW THEREFORE, I **MOVE** that the following cases be recommended to the Board for closure:

**COMMONWEALTH OF VIRGINIA

MINUTES**

*Case number 21-0032
Case number 21-0037
Case number 22-0007
Case number 22-0039
Case number 22-0062*

Unanimous approval.

RICHMOND CITY JUSTICE CENTER PRESENTATION-COMPLIANCE PLAN

Sheriff Irving shared the progress and current situation regarding inmate supervision.

The following was offered by Mr. McLaughlin as a **Motion**, second by Lieutenant Tucker:

Motion: I **MOVE** the Committee recommend to the Board, extension of the Compliance Plan with Richmond City Justice Center for six months to expire May 20, 2026. Additionally, BLJR is to conduct two compliance reviews prior to the expiration date.

Yea votes: (9) Captain Carey
 Mr. Hackworth
 Mrs. Jenkins
 Mr. McLaughlin
 Dr. Maybach
 Mr. Moore
 Mr. Sherrod
 Lieutenant Tucker
 Mrs. Vermont

Nay votes: (1) Mr. Carrera

Motion to adjourn by Mr. Carrera, second by Lieutenant Tucker. Unanimous approval.

POLICY & REGULATIONS COMMITTEE

CALL TO ORDER

Chair Jenkins called the meeting to order and determined quorum.

SERIOUS INCIDENT REPORT FORM

The following was offered by Mr. McLaughlin as a **Motion**, second by Lieutenant Tucker.

Motion: I **MOVE** the Committee recommend the revised Serious Incident Report Form to the Board for approval.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Unanimous approval.

CONTINUOUS QUALITY IMPROVEMENT SURVEY

Ms. Lautz reported the goal to share the information with jails in February 2026, and the initial report will be due April 15, 2026. Mr. Flaherty requested BLRJ members review the material and provide feedback by December 1, 2025. The Committee provided guidance for the process to proceed.

MEDICAL & MENTAL HEALTH REGULATIONS DISCUSSION

Ms. Lautz reviewed several regulations.

PREGNANT & POSTPARTUM INMATES REGULATIONS DISCUSSION

Mr. Flaherty reviewed the opportunity to reassess 6VAC15-40-985, as not all jails have pregnant or postpartum inmates. The revision will be shared with the Virginia Association of Regional Jails (VARJ) and the Virginia Sheriffs' Association (VSA) for feedback.

FOOD SERVICE REGULATIONS DISCUSSION

Food Service Regulations will be reviewed at a later date.

OFFICE OF REGULATORY MANAGEMENT (ORM) UPDATE 6VAC15-40-1045

Ms. Kegley reported the revised guidance, as approved by the BLRJ September 17, 2025, is open for public comment and the anticipated effective date is December 18, 2025. The revisions result in 8.2% regulatory reduction, and 13.3% guidance document reduction.

CERTIFICATION, INSPECTION AND AUDIT REPORT

Mrs. Ferguson presented the certification, inspection, and audit report.

The following was offered by Mr. Carrera as a **Motion**, second by Mr. McLaughlin:

- A. **Motion**: As a result of 100% compliance with Board standards, I **MOVE** a recommendation to the Board for unconditional certification and suspension of the 2025 annual inspections for the following facilities:
- i. William G. Truesdale Adult Detention Center (Alexandria)
 - ii. Pamunkey Regional Jail
 - iii. Rockingham-Harrisonburg Regional Jail
 - iv. Virginia Beach Lockup Precinct 2
 - v. Virginia Beach Correctional Center

Unanimous approval.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

The following was offered by Mr. Carrera as a **Motion**, second by Mr. McLaughlin:

B. **Motion**: In compliance with Board standards, I **MOVE** a recommendation to the Board for unconditional certification for the following facilities:

- i. Fairfax County Adult Detention Center
- ii. Rappahannock Regional Jail

Unanimous approval.

The following was offered by Mr. Carrera as a **Motion**, second by Lieutenant Tucker:

C. **Motion**: As a result of 100% compliance with Board standards and in accordance with §16.1-249(G) of the COV, I **MOVE** a recommendation to the Board for certification to hold male and female juveniles for the following facility:

- i. Virginia Beach Precinct 2

Unanimous approval.

The following was offered by Mr. Carrera as a **Motion**, second by Captain Carey:

D. **Motion**: In compliance with Board standards and in accordance with §16.1-249(G) of the COV, I **MOVE** a recommendation to the Board for unconditional certification to hold male and female juveniles for the following facility:

- i. Surry County Lock-Up

Unanimous approval.

MOTION to adjourn by Lieutenant Tucker, second by Captain Carey. Unanimous approval.

MOTION to reconvene Board meeting by Mr. Carrera, second by Mr. McLaughlin. Unanimous approval.

CALL TO ORDER

Chair Hackworth called the meeting to order.

DETERMINATION OF QUORUM

Chair Hackworth determined quorum present.

MINUTES**

2026 MEETING SCHEDULE & START TIMES

Mr. Flaherty presented proposed dates for meetings in 2026. The BLRJ adopted the proposed calendar for planning purposes. Two BLRJ meetings in 2026 will be in various locations around the Commonwealth.

COMPLAINTS & INQUIRIES

Draft language was shared in order to provide consistent messaging for complaints and inquiries. The BLRJ provided consent to implement the draft language.

SURRY COUNTY SHERIFF'S OFFICE REQUEST FOR DECOMMISSION

The following was offered by Mr. Carrera as a **Motion**, second by Captain Carey:

MOTION: I **MOVE** the Board approve the Surry County Sheriff's request to decommission the lock-up.

Unanimous approval.

RECOGNITION OF TAWANA FERGUSON, 30 YEARS OF DOC SERVICE

JAIL REVIEW COMMITTEE REPORT

The following was offered by Mr. Sherrod as a **Motion**, second by Mr. Carrera:

Motion: The Committee investigated the following case by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Committee finds that the investigation did reveal evidence indicating that the facility was out of compliance with the regulations promulgated by the Board. However, the Committee finds that the corrective actions taken by the jail appropriately address the substance of the violation such that no further measures are necessary. 44. Adjournment

Motion: I **MOVE** the State Board of Local and Regional Jails stand adjourned.

STATE BOARD OF LOCAL AND REGIONAL JAILS
COMPLIANCE PLAN - HENRICO COUNTY REGIONAL JAIL-WEST

A. PURPOSE

This Plan concerns violations of the State Board of Local and Regional Jails' (BLRJ or the Board) Minimum Standards for Jails and Lockups identified during reviews of the following incidents:

Violations of the following Standard were identified: 6 VAC 15-40-1045. This Regulation requires that all inmate housing areas shall be inspected a minimum of twice per hour at random intervals between inspections. All inspections and unusual incidents shall be documented. No obstructions shall be placed in the bars or windows that would prevent the ability of staff to view inmates or the entire housing area.

B. DURATION

The term of this Plan will be no less than two years, provided that at two years the Board finds consistent compliance and votes to remove Henrico County Regional Jail-West (HCRJ-W) from the Plan.

C. PROCEDURAL REQUIREMENTS

Henrico County Regional Jail-West will take the following actions to address the violations:

1. ROOT CAUSE ANALYSIS

A Root Cause Analysis will be completed for the violation listed above.

Documentation of the Root Cause Analysis will be provided to the BLRJ within 10 working days of receipt of this plan. Following the receipt of the required Root Cause Analysis, the Board may require an addendum to the Compliance Plan to address and include the root causes identified.

2. AUTOMATED SECURITY ROUNDS SYSTEM

Within six months of the initiation of the Compliance Plan, HCRJ-W staff will be required to use an automated system to record and document security rounds.

- i. A command level staff member must review the system-generated reports daily.
- ii. When a missed round is discovered, immediate action will be taken to ensure the inmates affected by the missed round are safe and secure and this will be reported to the Sheriff.
- iii. HCRJ-W will address missed rounds immediately with the officer who failed to make the required check and the supervisor in charge of that officer.

- iv. If a procedural or technical problem is identified, the Sheriff will ensure that the issue is corrected immediately, or as soon as practicable.
- v. If a policy violation, neglect of duty, or similar problem is identified, officers will be disciplined according to HCRJ-W's adopted disciplinary procedures and this will be included in the monthly summary report referenced in section 3, v below.

3. INTERNAL AUDIT PROCEDURES

HCRJ-W will designate a command level staff position (The "Standards Compliance Officer or "SCO") with a rank of administrative captain or higher to be responsible for leading HCRJ-W's ongoing effort to ensure compliance with this Agreement and, more generally, with the Standards.

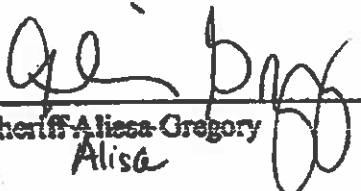

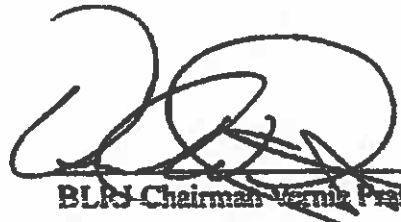

- i. At the beginning of each week the SCO will obtain copies of relevant documentation and conduct interviews with each applicable post supervisor, as necessary, to measure compliance with the Standards for the previous week. Documentation to be reviewed will include, but not be limited to, all daily security rounds reports, and any other records deemed necessary by the SCO to measure Standards compliance. The SCO must also review video footage at least every 14 days to ensure compliance with twice per hour checks.
- ii. All potential Standards violations found by the SCO must be immediately reported through the appropriate chain of command and directly discussed with the supervisors in charge of that area for immediate corrective action, which will be documented and maintained by HCRJ-W. Standards violations will be reported to the BLRJ within 72 hours of their discovery.
- iii. At the end of each week, the SCO will prepare a summary report of all the weekly findings and any corrective actions taken and submit it to the Sheriff.
- iv. The SCO will meet with the Sheriff or designee on a weekly basis to discuss the findings. Documentation of the meetings will be attached the weekly summary reports.
- v. At the end of each month, all weekly summary reports will be compiled into a monthly summary report, which HCRJ-W will provide to the BLRJ. Copies of the weekly summary reports will be attached to the monthly summary report. The monthly reports will clearly indicate all discrepancies or potential Standards violations, as well as the specific corrective actions taken. The monthly summary report will be submitted to the BLRJ no later than the 7th day of the month following the period covered by the summary.
- vi. Any HCRJ-W policies, post orders, or procedures modified as a result of this plan will be provided to the BLRJ with the first monthly summary report. Future revisions will also be provided to the BLRJ.

4. OFFICER TRAINING

- i. All HCRJ-W sworn officers will receive training on the penalty for forging public records (*Code of Virginia* §18.2-168).
- ii. All training will be completed within 90 days of the initiation of this Compliance Plan.
- iii. Documentation of the training, including staff sign-in sheets, will be provided to BLRJ within 7 days of completion of the training.

D. ADDITIONAL MONITORING CONDITIONS

BLRJ does not relinquish any authority to address further violations should noncompliance with any other Standards be an issue in the future. BLRJ staff may perform on-site monitoring visits as directed by the BLRJ Chair.

	
Sheriff Alisa Gregory	BLRJ Chairman Verma Francis, Jr.

**STATE BOARD OF LOCAL AND REGIONAL JAILS
COMPLIANCE PLAN – RICHMOND CITY JUSTICE CENTER**

I. PURPOSE

This Plan concerns violations of the State Board of Local and Regional Jail's ("BLRJ") Minimum Standards for Jails and Lockups by the Richmond City Justice Center ("RCJC") as identified during reviews of the following incidents: Case No. 22-0060, Date of Death November 14, 2022; Case No. 22-0066, Date of Death December 12, 2022; and Case No. 23-0003, Date of Death January 11, 2023. In each of these death reviews, the BLRJ found violations of BLRJ standard 6 VAC 15-40-1045, which regulation requires security inspections twice per hour at random intervals, documentation of all inspections and unusual incidents, and prohibition of obstructions in the bars or windows that would prevent the ability of staff to view inmates or the entire housing area. These violations and this Plan were discussed at the BLRJ's meetings on July 26, 2023, September 20, 2023, and October 18, 2023. The BLRJ abstained from making any determination of a causal connection between any of these violations and the deaths. *This Plan supersedes and replaces in entirety the Plan previously drafted and signed by the BLRJ and tendered unto RCJC on July 28, 2023.*

II. COMMENCEMENT AND DURATION

This Plan commences the date it is signed by the Chairman and the Executive Director. While the Executive Director will immediately transmit the Plan to RCJC, the Plan commences immediately whether or not RCJC agrees to or acknowledges the Plan. The term of this Plan will be no less than two years. At the two-year point, the BLRJ may find RCJC to have demonstrated consistent compliance with this Plan and vote to remove RCJC from the Plan, or the BLRJ may vote to extend the duration of the Plan.

III. PROCEDURAL REQUIREMENTS

RCJC will take the following actions to address the violations:

A. CORRECTIVE ACTION PLAN

Within 10 working days of receipt of this Compliance Plan, RCJC will provide the BLRJ with a detailed plan of action ("POA") for the standard violations identified in paragraph (A) above. This POA shall include the RCJC's identification of the causes underlying the violations, the necessary remedial steps, a timeline for the remediation, and a plan for subsequent internal monitoring of this standard. Following the receipt of the POA, the BLRJ may or may not add an addendum to this Compliance Plan to address the causes identified for these violations.

B. AUTOMATED SECURITY ROUNDS SYTEM

Within five months of the initiation of the Compliance Plan, RCJC staff will be *expected* to use an automated system to record and document security rounds. This is described as an "expectation," because the BLRJ recognizes that various aspects of the procurement, installation, and implementation of such a system are beyond the control of RCJC. RCJC will, however, exercise good faith and due diligence in obtaining and implementing such a system as soon as is practicable. If RCJC is for any reason unable to obtain and implement such a system within six months of the initiation of this Compliance Plan, then RCJC will provide the BLRJ with weekly updates on the status of this initiative.

C. STAFF MONITORING OF SECURITY ROUNDS

1. A command level staff member will review the system-generated reports daily.
2. When a missed round is discovered, immediate action will be taken to ensure the inmates affected by the missed round are safe and secure, and this must be reported to the Sheriff.
3. RCJC will address missed rounds immediately with the officer who failed to make the required check and the supervisor in charge of that officer.
4. If a procedural or technical problem is identified, the Sheriff will ensure that the issue is corrected immediately or as soon as practicable.
5. If a policy violation, neglect of duty, or similar problem is identified, officers will be disciplined according to RCJC's adopted disciplinary procedures, and this will be included in the monthly summary report referenced in section III.D.3. below.

D. INTERNAL AUDIT PROCEDURES

RCJC will designate a command level staff position (the "Standards Compliance Officer" or "SCO") with a rank of administrative captain or higher to be responsible for leading RCJC's ongoing effort to ensure compliance with this Plan and, more generally, with the Standards of the BLRJ.

1. At the beginning of each week the SCO will obtain copies of relevant documentation and conduct interviews with each applicable post supervisor, as necessary, to measure compliance with the Standards for the previous week. Documentation to be reviewed will include but not be limited to all daily security rounds reports and any other records deemed necessary by the SCO to measure Standards compliance. The SCO may also review video footage to ensure compliance with twice per hour checks.
2. All potential Standards violations found by the SCO must be immediately reported through the appropriate chain of command and directly discussed with

the supervisors in charge of that area for immediate corrective action, which will be documented and maintained by RCJC. Standards violations will be reported to the BLRJ within 72 hours of their discovery.

3. At the end of each week, the SCO will prepare a summary report of all the weekly findings and any corrective actions taken and submit it to the Sheriff.
4. The SCO will meet with the Sheriff or designee on a weekly basis to discuss the findings. Documentation of the meetings will be attached to the weekly summary reports.
5. At the end of each month, all weekly summary reports will be compiled into a monthly summary report, which RCJC will provide to the BLRJ. Copies of the weekly summary reports will be attached to the monthly summary report. The monthly reports will clearly indicate all discrepancies or potential Standards violations, as well as the specific corrective actions taken. The monthly summary report will be submitted to the BLRJ no later than the 7th day of the month following the period covered by the summary.
6. Any RCJC policies, post orders, or procedures modified as a result of this Plan will be provided to the BLRJ with the first monthly summary report. Future revisions will also be provided to the BLRJ.

E. OFFICER TRAINING

1. All RCJC sworn officers will receive training on the penalty for forging public records (*Code of Virginia §18.2-168*).
2. All training will be completed within 90 days of the initiation of this Compliance Plan.
3. Documentation of the training, including staff sign-in sheets, will be provided to BLRJ within 7 days of completion of the training.

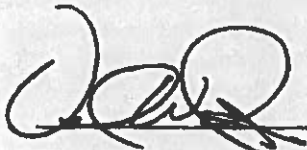

IV. ADDITIONAL CONDITIONS AND REQUIREMENTS

A. FURTHER VIOLATIONS AND MONITORING

BLRJ does not relinquish any authority to address further violations should noncompliance with any other Standards be an issue in the future. BLRJ staff may perform on-site monitoring visits as directed by the BLRJ Chair.

B. COOPERATION WITH MONITORING, INSPECTIONS AND DEATH INVESTIGATIONS

During and in the course of any and all monitoring visits, inspections, and/or death investigations conducted by the BLRJ during the period of this Compliance Plan, RCJC will fully cooperate and comply with the letter and spirit of any and all requests for documentation or other information within the possession or control of RCJC. Specifically, within seven calendar days of receipt of a request or demand from any duly appointed officer, agent or investigator of the BLRJ, RCJC will a) provide all such documentation or information as requested or demanded or b) provide an interim response including a request for an extension and the reason(s) therefore. If RCJC requests an extension, the Chairman of the BLRJ shall exercise sole discretion in granting or denying the request.

Medical and Mental Health Regulations

November 19, 2025

Definitions:

Health Care Services: Health care services should include medical and dental services, mental health services, nursing care, personal hygiene, dietary services, health education, and attending to environmental conditions.

- Define dietary services
- "availability of specialty diet based on diagnosis"

Proposed Health Care Services Definition: Health care services includes medical and dental, mental and behavioral health, nursing, pregnancy and postpartum, personal hygiene, dietary and nutrition for specialty diets based on medical diagnosis, health education and promotion, and environmental health management.

Other consideration: From § 8.01-581.1. "Health care" means any act, professional services in nursing homes, or treatment performed or furnished, or which should have been performed or furnished, by any health care provider for, to, or on behalf of a patient during the patient's medical diagnosis, care, treatment or confinement.

*For the purposes of these standards, health care means any act, service, treatment, whether performed, furnished, or should had been performed or furnished, by a qualified health care provider for, to, or on behalf of any individual during that persons medical diagnosis, care, treatment, while incarcerated.

Regulations:

§VAC 15-40-470. Medical Co-Payment – Jail medical treatment programs, wherein inmates pay a portion of the costs for medical services, shall be governed by written policy and procedure.

Workgroup Revision (Combined 470, 480, 490, 500, 510, 520, 530):

See below, under 530

BLRJ Revision:

None

§VAC 15-40-480. Set Fees Required – Inmate payment for medical services shall be up to, but shall not exceed, those fees established by the Board of Corrections in the Model Plan for Jail Prisoner Medical Treatment Programs per §53.1-133.1 of the Code of Virginia.

Workgroup Revision (Combined 470, 480, 490, 500, 510, 520, 530):

See below, under 530

BLRJ Revision:

6VAC15-40-480. Set Fees Required – Inmate payment for medical services shall be up to, but shall not exceed, those fees established by the Board of Corrections Local and Regional Jails in the Model Plan for Jail Prisoner Medical Treatment Programs per §53.1-133.01 of the Code of Virginia.

6VAC15-40-490. Policy and Procedure Information – Written policy and procedure shall specify, at a minimum, the following information:

- Medical services that are subject to fees;
- Fee amounts;
- Payment procedures;
- Medical services that are provided at no cost;
- Fee application to medical emergencies, chronic care and pre-existing conditions; and
- Written notification to inmates of proposed fee changes.

Workgroup Revision (Combined 470, 480, 490, 500, 510, 520, 530):

See below, under 530

BLRJ Revision:

6VAC15-40-490. Policy and Procedure Information – Written policy and procedure shall specify, at a minimum, the following information:

- Cost of medical services that are subject to fees to include those provided at no cost;
- Fee amounts;
- Payment procedures; and process for obtaining indigency status;
- Medical services that are provided at no cost;
- Fee application to-Explanation of fees for medical emergencies, chronic care and pre-existing conditions; and
- Written notification to inmates of proposed fee changes.

6VAC15-40-500. Inmates Advised of Procedures – Inmates shall be advised of medical services fees and payment procedures at the time of admission/orientation.

Workgroup Revision (Combined 470, 480, 490, 500, 510, 520, 530):

See below, under 530

BLRJ Revision:

None

6VAC15-40-510, Ability to Pay – Written policy, procedure, and practice shall ensure that no inmate will be denied access to medically necessary services based upon ability to pay.

Workgroup Revision (Combined 470, 480, 490, 500, 510, 520, 530):

See below, under 530

BLRJ Revision:

None

6VAC-40-520, Acknowledgement in Writing – Medical services fee debits to inmate accounts shall be acknowledged by the inmate in writing. The acknowledgement shall be signed by a witness if the inmate refuses to sign.

Workgroup Revision (Combined 470, 480, 490, 500, 510, 520, 530):

See below, under 530

BLRJ Revision:

None

6VAC15-40-530, Accounting Procedures – A separate bank account or accounting process shall be established and used exclusively for the deposit and disbursement of medical services fees. Fee collection and disbursement shall be governed by generally accepted accounting principles.

Workgroup Revision (Combined 470, 480, 490, 500, 510, 520, 530):

6VAC15-40-xxxx: Medical Associated Fees - Inmate payments for jail medical treatment programs shall be governed by written policy and procedures. Inmates shall be advised of such policy and procedures upon admission. Such policy and procedure shall include:

- No inmate shall be denied access to medically necessary services based upon ability to pay;
- Services subject to fees (including, medical emergencies, chronic care, and pre-existing conditions) and fee amounts;
- Payment procedures;
- Verifiable notification to inmates of proposed fee changes.
- Medical fee debits to inmate accounts shall be acknowledged by the inmate by signature, or by witness if inmate refuses to sign.

A separate bank account, or accounting process, shall be established for collections and disbursements and such shall be governed by generally accepted accounting principles.

BLRJ Revision:

None

6VAC15-40-1010. Mental Health Inmates – Written policy, procedure, and practice shall specify the handling of mental health inmates, including a current agreement to utilize mental health services from either a private contractor or the community services board.

Workgroup Revision (combined with 450):

6VAC15-40-1010. Mental health inmates/*Suicide Prevention and Intervention Plan* - Written policy, procedure, and practice shall specify the handling of mental health inmates, including a current agreement to utilize mental health services from either a private contractor or the community services board. *This policy shall a.) include a written suicide prevention and intervention plan. These procedures shall be reviewed and documented by an appropriate medical or mental health authority prior to implementation and every three years thereafter. These procedures shall be reviewed annually by staff having contact with inmates. Such reviews shall be documented. b.) In cases in which there is reason to believe an individual is experiencing acute mental health distress or is at risk for suicide a risk assessment shall be completed within 72-hours in accordance with §53.1-68 by a mental health service provider as defined by §54.1-2400.1.*

BLRJ Revision:

6VAC15-40-1010. Mental Health Inmates – Written policy, procedure, and practice shall specify the handling management of mental health inmates, ~~including a current agreement to utilize mental health services from either a private contractor or the community services board.~~ Facilities utilizing mental health services provided by a private contractor or a community services board shall maintain a current agreement.

*Written policy, procedure, and practice shall specify the management of inmates with mental health needs. These policies must include a current agreement with a qualified mental health services provider, such as a private contractor, community services board, or mental health authority.

Board Staff to Review Again 6VAC15-40-_____ - Telehealth Services¹: Each facility shall establish written policies and procedures to accommodate inmate participation in telehealth appointments. Policies should include:

1. Designation of a private and secure space that ensures confidentiality;

¹ Senate Bill 1039 - DOC and State Board of Local and Regional Jails; policies on inmate participation in telehealth; § 53.1-5(7)

2. Provision of functional equipment and connectivity to support telehealth.

*Reflect facilities that do not have it yet

Draft

HB 1942 Workgroup Recommendations Regarding Mental Health Standards for Virginia's Local and Regional Jails

Standard #1: ACCESS TO CARE

Inmates have access to care to meet their mental health needs.

Standard #2: POLICIES AND PROCEDURES

The facility has a manual or compilation of policies and defined procedures regarding mental health care services which may be part of larger health care manual.

Standard #3: COMMUNICATION OF PATIENTS NEEDS

Communication occurs between the facility administration and treating mental health care professionals regarding inmates' significant mental health needs that must be considered in classification decisions in order to preserve the health and safety of that inmate, other inmates, or safety of the institution/staff. Communication is bi-directional and occurs on a regular basis either through planned meetings or impromptu meetings as the need arises.

Standard #4: MENTAL HEALTH TRAINING FOR CORRECTIONAL OFFICERS

A training program established or approved by the responsible health authority in cooperation with the facility administration guides the mental health related training of all correctional officers who work with inmates.

Standard #5. MENTAL HEALTH CARE LIAISON

A designated, trained mental health care liaison coordinates the health services delivery in the facility on those days when no qualified health care professionals available for 24 hours. The liaison can be a supervisory correctional staff member or any designated staff member as long as they have received training on their role and have the authority to intervene when situations arise.

Standard #6. MEDICATION SERVICES

Medication services are clinically appropriate and provided in a timely, safe and sufficient manner - within 48hrs (unless there is data/evidence to suggest a more timely intervention is needed) there will have been an evaluation of the situation either by nurse, PA, etc. to develop a medication plan which could include referral to a physician and prescriptions (as indicated).

Standard #7. MENTAL HEALTH SCREENING

Mental health screening is performed on all inmates on arrival at the intake facility to ensure that emergent and urgent mental health needs are met.

Standard #8. MENTAL HEALTH ASSESSMENT

All inmates receive mental health screening; inmates with positive screens receive a mental health assessment.

Standard #9. EMERGENCY SERVICES

The facility provides 24 hour emergency mental health services.

Standard #10. RESTRICTIVE HOUSING

When an inmate is held in restrictive housing, staff monitor his or her mental health

Standard #11. CONTINUITY AND COORDINATION OF HEALTH CARE DURING INCARCERATION

All aspects of health care are coordinated and monitored from admission to discharge.

Standard #12. DISCHARGE PLANNING

Discharge planning is provided for inmates with mental health needs whose release is imminent.

SB 1330 Workgroup Recommendations Regarding Services Provided to Inmates during Pregnancy, Pregnancy Termination, Labor and Delivery, and Postpartum Recovery

RECOMMENDATION 1:

For female inmates, the admission screening should include inquiry into the following: possible pregnancy or gynecological problems; menstrual and postpartum history including medication management of current/previous issues; prior pregnancies (whether resulting in miscarriage, delivery, or medical termination); and whether the inmate is currently breastfeeding.

RECOMMENDATION 2:

When, at the admission screening, a female inmate responds affirmatively to the pregnancy inquiry, a pregnancy test shall be made available within 72 hours (three business days) of booking. Thereafter, pregnancy tests shall be made available to female inmates at assessment, within fourteen (14) days of admission, or earlier as directed by a medical authority.

RECOMMENDATION 3:

Specialty Diets and supplements for pregnant and lactating inmates shall be determined by a registered dietitian and reviewed by the medical authority.

RECOMMENDATION 4:

Educational materials and/or a list of local resources, as applicable, shall be made available to pregnant, lactating, or postpartum inmates on the subjects of nutritional needs, levels of activity, safety precautions, lactation/pumping policies, and child placement options.

RECOMMENDATION 5:

Pregnant inmates shall be assessed for potential alcohol and/or substance use within 72 working hours (three business days) of admission screening, initial confirmation of pregnancy, or earlier as deemed necessary by the medical authority, and necessary treatments shall be made available. Additionally, documented efforts shall be made to refer pregnant inmates to an OBGYN, a Nurse Practitioner, or a midwife for initiation of care as soon as possible but no later than within 72 working hours (three business days) of assessment, initial confirmation of pregnancy, or earlier as deemed necessary by the medical authority.

RECOMMENDATION 6:

Inmate handbooks shall include a statement directing pregnant and/or postpartum

inmates to contact their attorney to initiate consideration of available alternatives to incarceration and/or furloughs to gain access to the child.

Draft

SB 603 Workgroup Recommendations Regarding Incarcerated Women Who Are Pregnant And In Need of Substance Abuse Treatment

RECOMMENDATION 1

Revise BOLRJ Minimum Standards to include:

- a. When, at the admission screening, a female responds affirmatively to the pregnancy inquiry, a pregnancy test shall be made available as soon as possible but no later than within 72 hours of booking. Thereafter, pregnancy tests shall be made available to individuals at assessment, within fourteen days of admission, or as directed by a medical authority.
- b. Pregnant individuals shall be assessed for potential alcohol and/or substance use within 72 working hours (three business days) of admission screening, initial confirmation of pregnancy, or earlier as deemed necessary by the medical authority, and necessary treatments shall be made available. Additionally, documented efforts shall be made to refer pregnant individuals to a licensed obstetric provider (OBGYN, Nurse Practitioner, or midwife) for initiation of care as soon as possible but no later than within 72 working hours (three business days) of assessment, initial confirmation of pregnancy, or earlier as deemed necessary by the medical authority.

RECOMMENDATIONS 2

Adopt the following “best practices” statement regarding treatment for pregnant women with SUD: “All pregnant women in carceral settings should be offered and have access to evidence-based substance use disorder evaluation and treatment.”

RECOMMENDATION 3

To the extent possible, pregnant individuals should be diverted from incarceration and instead placed in appropriate community programs that recognize their unique treatment needs. This could be done through approaches such as family dockets, programs through local community services boards, and other treatment-oriented programs. Judges and other stakeholders will need to be educated about these alternative options.

RECOMMENDATION 4

Provide training to correctional facility administrators and staff on the special needs of pregnant individuals. In addition to an awareness to provide appropriate medical and psychological treatment, correctional facilities need to remain aware of the legal rights afforded incarcerated individuals.

RECOMMENDATION 5

Avoid the use of language that stigmatizes pregnant individuals, include those with lived experience in decision-making regarding this population, and address the need for trauma informed responses when working with this population.

RECOMMENDATION 6

Facilities should develop a discharge plan to address pregnancy and postpartum needs following release. These services should include connection to an OBGYN provider, substance use disorder treatment, and Medication Assisted Treatment, if applicable. These plans should also be extended to the pretrial population. These plans should be developed prior to release to ensure “wrap around” services that prevent gaps from occurring in the period immediately following release. Providing such wrap-around services would reduce the risk of post-release relapse and overdose.

RECOMMENDATION 7

Provide access to Medication Assisted Treatment for a minimum of one-year postpartum (regardless of how the pregnancy ends). Providing such treatment will assist with postpartum depression and reduce the risk of post-release relapse and overdose.

RECOMMENDATION 8

Examine the feasibility of increasing Virginia’s number of Social Security Act 1115 waiver applications to allow pregnant individuals to access Medicaid while incarcerated. Current federal law generally prohibits incarcerated individuals from receiving Medicaid assistance. However, 1115 waivers give states additional flexibility to design and improve their programs and to demonstrate and evaluate state-specific policy approaches to better serving Medicaid populations.

RECOMMENDATION 9

Examine the feasibility of the Commonwealth assuming financial responsibility for all pregnant individuals (including postpartum services) whether in VADOC facilities or in local or regional facilities regardless of state responsible or local responsible status.

RECOMMENDATION 10

Increase training and support to local and regional jails on how to identify funding opportunities and better enable them to apply for grant funding to provide services to individuals under their custody.

RECOMMENDATION 11

A separate study should be conducted to develop recommended treatment standards for juvenile pregnant individuals with SUD that are confined in state or local facilities.

RECOMMENDATION 12

Virginia should collect more complete data concerning the prevalence of pregnant individuals with SUD who are incarcerated. To accomplish this, workgroup members suggested the following:

- Establish a mandatory process for identifying, counting, and tracking the number of incarcerated individuals who are pregnant and in need of SUD treatment, to include the demographics of this population.
- Conduct a study of how pregnant individuals are perceived and treated at different steps in the justice system – by law enforcement, prosecution, the judiciary, corrections and post-release. For example, how does law enforcement determine whether a pregnant individual who is arrested should be taken to a lockup or to a medical facility? Are judges more or less likely to incarcerate a pregnant person than a similarly situated person who is not pregnant?
- Develop a statewide inventory of services that are available to pregnant individuals in the justice system and examine the effects of these services on outcomes to determine best practices.

Senate Bill 1039: DOC and State Board of Local and Regional Jails; policies on inmate participation in telehealth

1. That §§ 53.1-5 and 53.1-10 of the Code of Virginia are amended and reenacted as follows:

§ 53.1-5. Powers and duties of Board.

The Board shall have the following powers and duties:

1. To develop and establish operational and fiscal standards governing the operation of local, regional, and community correctional facilities;
2. To advise the Governor and Director on matters relating to corrections;
3. To make, adopt and promulgate such rules and regulations as may be necessary to carry out the provisions of this title and other laws of the Commonwealth pertaining to local, regional, and community correctional facilities. The Board, when promulgating regulations and adopting any policy or guidance document related to the enforcement of any minimum standards applicable to local, regional, and community correctional facilities, shall expressly and specifically include such items in its published agenda for meetings of the Board or any of its subcommittees. No standard, policy, or guidance document may be promulgated, amended, or rescinded in entirety or in part without compliance with this article;
4. To ensure the development of programs to educate citizens and elicit public support for the activities of the Department;
5. To develop and implement policies and procedures for the review of the death of any inmate that the Board determines warrants review that occurs in any local, regional, or community correctional facility. Such policies and procedures shall incorporate the Board's authority under § 53.1-6 to ensure the production of evidence necessary to conduct a thorough review of any such death. Notwithstanding any other provision of law, the Board shall adhere to procedures of the Administrative Process Act (§ 2.2-4000 et seq.) in promulgating such policies and procedures;
6. To establish minimum standards for health care services, including medical, dental, pharmaceutical, and behavioral health services, in local, regional, and community correctional facilities and procedures for enforcing such minimum standards, with the advice of and guidance from the Commissioner of Behavioral Health and Developmental Services and State Health Commissioner or their designees. Notwithstanding any other provision of law, the Board shall adhere to procedures of the Administrative Process Act (§ 2.2-4000 et seq.) in promulgating such policies and procedures. Such minimum standards shall require that each local, regional, and community correctional facility submit a standardized quarterly continuous quality improvement report documenting the delivery of health care services, along with any improvements made to those services, to the Board. The Board shall make such reports available to the public on its website. The Board may determine that any local, regional, or community correctional facility that is accredited by the American Correctional Association or National Commission on Correctional Health Care meets such minimum standards solely on the basis of such facility's

accreditation status; however, without exception, the requirement that each local, regional, and community correctional facility submit a standardized quarterly continuous quality improvement report to the Board shall be a mandatory minimum standard; **and**

7. To develop and implement policies for the accommodation in local, regional, and community correctional facilities of inmate participation in telehealth appointments, which shall include policies on designating a private space for such telehealth appointments to occur; and

8. To report annually on or before December 1 to the General Assembly and the Governor on the results of the inspections and audits of local, regional, or community correctional facilities conducted pursuant to § 53.1-68 and the reviews of the deaths of inmates that occur in any local, regional, or community correctional facility conducted pursuant to § 53.1-69.1. The report shall include (i) a summary of the results of such inspections, audits, and reviews, including any trends identified by such inspections, audits, and reviews and the frequency of violations of each standard established for local, regional, or community correctional facilities, and (ii) any recommendations for changes to the standards established for local, regional, or community correctional facilities or the policies and procedures for conducting reviews of the death of inmates to improve the operations, safety, and security of local, regional, or community correctional facilities.

COMMONWEALTH of VIRGINIA

Certification Report of the State Board of Local and Regional Jails November 19, 2025

Jail and Lock-up Compliance Audits

Compliant Facilities - 5

Rockingham-Harrisonburg Regional Jail was audited September 15-17, 2025. The facility was found compliant with 41 out of 43 (2 N/A's) applicable *Life, Health and Safety* standards and 73 out of 85 (12 N/A's) other applicable standards. The facility is not certified to house juveniles and the sheriff is not requesting certification. There were no deficiencies cited during this audit cycle.

Non-applicable Standards

- 6VAC15-40-160, *Written Procedures for Release Program Eligibility Criteria*
- 6VAC15-40-170, *Written Procedures for Accountability of Inmate Participants*
- 6VAC15-40-180, *Conditions for Inmate Participation in a Work Release Program*
- 6VAC15-40-190, *Conditions for Inmate Participation in Educational or Release or Rehabilitation Release Program*
- 6VAC15-40-200, *Furlough*
- 6VAC15-40-210, *Earnings*
- 6VAC15-40-220, *Removing Inmate Participants from Program*
- 6VAC15-40-230, *Written Agreement with Director (VADOC)*
- 6VAC15-40-240, *Offender Participation in Compliance with Appropriate Criteria and Approval (VADOC)*
- 6VAC15-40-1111, *Self-Contained Breathing Apparatus*
- 6VAC15-40-1190, *Housing of Juveniles*
- 6VAC15-40-1193, *Separation of Juveniles*
- 6VAC15-40-1195, *Contact with Juveniles (LHS)*
- 6VAC15-40-1200, *Isolation and Segregation of Juveniles (LHS)*

RECOMMENDATION: Unconditional certification.

William G. Truesdale Adult Detention Center was audited September 22-25, 2025. The facility was found compliant with 41 out of 43 (2 N/A's) applicable ***Life, Health and Safety*** standards and 82 out of 85 (3 N/A's) other applicable standards. The facility is not certified to house juveniles and the sheriff is not requesting certification. There were no deficiencies cited during this audit cycle.

Non-applicable Standards

- *6VAC15-40-1111, Self-Contained Breathing Apparatus*
- *6VAC15-40-1190, Housing of Juveniles*
- *6VAC15-40-1193, Separation of Juveniles*
- *6VAC15-40-1195, Contact with Juveniles (LHS)*
- *6VAC15-40-1200, Isolation and Segregation of Juveniles (LHS)*

RECOMMENDATION: Unconditional certification.

Virginia Beach Lockup Precinct 2 was audited October 6, 2025. The facility was found compliant with 18 ***Life, Health and Safety*** and other standards. The facility is certified to house juveniles and the chief of police is requesting recertification to house male and female juveniles in accordance with §16.1-249(G) – *Code of Virginia*. There were no deficiencies cited during this audit cycle.

RECOMMENDATION: Unconditional certification.

Virginia Beach Correctional Center was audited October 7-9, 2025. The facility was found compliant with 41 out of 43 (2 N/A's) applicable ***Life, Health and Safety*** standards and 73 out 85 (12 N/A's) applicable other standards. The facility is not certified to house juveniles and the sheriff is not requesting certification. There were no deficiencies cited during this audit cycle.

Non-applicable Standards

- *6VAC15-40-160, Written Procedures for Release Program Eligibility Criteria*
- *6VAC15-40-170, Written Procedures for Accountability of Inmate Participants*
- *6VAC15-40-180, Conditions for Inmate Participation in a Work Release Program*
- *6VAC15-40-190, Conditions for Inmate Participation in Educational Release or Rehabilitation Release*
- *6VAC15-40-200, Furlough*
- *6VAC15-40-210, Earnings*
- *6VAC15-40-220, Removing Inmate Participants from Program*
- *6VAC15-40-230, Written Agreement with Director (VADOC)*
- *6VAC15-40-240, Offender Participation in Compliance with Appropriate Criteria and Approval (VADOC)*

- *6VAC15-40-1111, Self-Contained Breathing Apparatus*

- *6VAC15-40-1193, Separation of Juveniles*
- *6VAC15-40-1195, Contact with Juveniles (LHS)*
- *6VAC15-40-1200, Isolation and Segregation of Juveniles (LHS)*

RECOMMENDATION: Unconditional certification.

Pamunkey Regional Jail was audited October 21-23, 2025. The facility was found compliant with 41 out of 43 (2 N/A's) applicable *Life, Health and Safety* standards and 82 out of 85 (3 N/A's) applicable other standards. The facility is not certified to house juveniles and the superintendent is not requesting certification. There were no deficiencies cited during this audit cycle.

Non-applicable Standards

- *6VAC15-40-1111, Self-Contained Breathing Apparatus*
- *6VAC15-40-1190, Housing of Juveniles*
- *6VAC15-40-1193, Separation of Juveniles*
- *6VAC15-40-1195, Contact with Juveniles (LHS)*
- *6VAC15-40-1200, Isolation and Segregation of Juveniles (LHS)*

RECOMMENDATION: Unconditional certification.

Non-compliant Facilities - 3

Rappahannock Regional Jail was audited June 2-4, 2025. The facility was found compliant with 40 out of 43 applicable *Life, Health and Safety* standards (2 N/A's) and 81 out of 85 (4 N/A's) applicable other standards. The facility is not certified to house juveniles and the superintendent is not requesting certification. There was one (1) *Life, Health and Safety* deficiency cited during this audit cycle.

Non-applicable Standards

- *6VAC15-40-200, Furlough*
- *6VAC15-40-1111, Self-Contained Breathing Apparatus*
- *6VAC15-40-1190, Housing of Juveniles*
- *6VAC15-40-1193, Separation of Juveniles*
- *6VAC15-40-1195, Contact with Juveniles (LHS)*
- *6VAC15-40-1200, Isolation and Segregation of Juveniles (LHS)*

Deficiencies

1. 6VAC15-40-540, Standards for Food Service Equipment (LHS)

According to standard, local facilities shall have a written policy, procedure and practice to ensure the facility's food service equipment and personnel meet the established safety and protection standards and requirements as set forth by the State Board of Health's Food Regulations (12VAC5-421). The facility shall have a Virginia Department of Health (VDH) inspection conducted every 12 months. Written reports of the VDH inspection shall be on file with the facility administrator.

VDH inspections were conducted July 23, 2024, May 22, 2023, and May 19, 2022. The 2024 inspection was not completed within the 12-month timeframe as required by standard. As result of this deficiency, the facility failed to demonstrate compliance with the standard.

Plan of Corrective Action

To correct the deficiency, the facility's audit coordinator will contact the Virginia Department of Health (VDH) the month prior to the due date of the inspection to ensure the facility is scheduled, and that the inspection is completed within 12 months. The facility will also recommend that the facility undergo health inspections twice per year to ensure compliance is always met and exceeded. Plan of corrective action was verified November 13, 2025.

RECOMMENDATION: Unconditional certification.

Fairfax County Adult Detention Center was audited September 8-11, 2025. The facility was found compliant with 37 out of 41 (2 N/A's) applicable ***Life, Health and Safety*** and other standards and 74 out of 85 (11 N/A's) applicable other standards. The facility is not certified to house juveniles and the sheriff is not requesting certification. There were four (4) ***Life, Health and Safety*** deficiencies cited during this audit cycle.

Non-applicable Standards

6VAC15-40-160, Written Procedures for Release Program Eligibility
6VAC15-40-170, Written Procedures for Accountability of Inmates Participants
6VAC15-40-180, Conditions for Inmate Participation in Work Release Program
6VAC15-40-190, Conditions for Inmate Participation in Educational Release or Rehabilitation Release Programs
6VAC15-40-200, Furlough
6VAC15-40-210, Earnings
6VAC15-40-220, Removing Inmate Participants from Program
6VAC15-40-230, Written Agreement with Director (VADOC)

6VAC15-40-240, Offender Participation in Compliance with Appropriate Criteria and Approval (VADOC)

6VAC15-40-1190, Housing of Juveniles

6VAC15-40-1193, Separation of Juveniles

6VAC15-40-1195, Contact with Juveniles (LHS)

6VAC15-40-1200, Isolation and Segregation of Juveniles (LHS)

Deficiencies

1. 6VAC15-40-393, Universal Precautions (LHS)

According to standard, all staff who have contact with inmates shall be trained, competent and knowledgeable in the use of universal precautions. All training shall be documented and completed every 12 months.

A review of the facility's universal precautions training records revealed between 2024-2025 24 jail staff exceeded the 12-month timeframe from which the training was supposed to have been completed. Training records also revealed the facility's food service contracted staff did not complete the universal precautions training at all. Due to the jail staff exceeding the 12-month timeframe and the food service contracted staff not completing the mandatory training, the facility failed to demonstrate compliance with the standard.

Plan of Corrective Action

Currently, the facility has two policies which cover universal precautions that are assigned within the facility's PowerDMS electronic file system for all agency staff to review and acknowledge twice per year. A review of the Standard Operating Procedures (SOPs) is also included and is mandatory for all civilian orientation training courses which all civilian staff, contractors and volunteers with inmate contact must complete. The SOPs that cover universal precautions will now be assigned twice per year for review. All reviews must be accompanied with an electronic signature. Training reports will be generated for administrative review to ensure compliance with the standard. Since the compliance audit, all food service contracted employees have completed the universal precautions training. **Plan of corrective action was verified November 3, 2025.**

2. 6VAC15-40-450, Suicide Prevention and Intervention Plan (LHS)

According to standard, there shall be a written suicide prevention and intervention plan. These procedures shall be reviewed and documented by an appropriate medical or mental health authority prior to implementation and every three years thereafter. These procedures shall be reviewed every 12 months by staff having contact with inmates. Such reviews shall be documented.

A review of the facility's suicide prevention and intervention training records revealed in between 2024-2025 24 jail staff exceeded the 12-month timeframe from which the training was supposed to have been completed. Training records also revealed the facility's food service contractor's staff did not complete the universal precautions training at all. Due to the jail staff exceeding the 12-month timeframe and the food service contracted employees not completing the mandatory training, the facility failed to demonstrate compliance with the standard.

Plan of Corrective Action

Currently, the facility has one operating procedure that covers suicide prevention and intervention assigned within the facility's PowerDMS electronic file system for all agency staff to review and acknowledge twice per year. A review of the Standard Operating Procedures (SOPs) is also included and is mandatory for civilian orientation training courses which all civilian staff, contractors and volunteers with inmate contact must complete. The SOP that covers suicide prevention and intervention will now be assigned twice per year for review. All reviews must be accompanied with an electronic signature. Training reports will be generated for administrative review to ensure compliance with the standard. Since the compliance audit, all food service contracted employees have completed the suicide prevention and intervention plan training. **Plan of corrective action was verified November 3, 2025.**

3. 6VAC15-40-545, Standards for Inmate Food Service Workers (LHS)

According to standard, written policy, procedure, and practice shall ensure that a visual medical examination of each inmate assigned to food service occurs no more than 30 days prior to assignment and quarterly thereafter. Each inmate shall be given a TB skin test prior to food service assignment. Such tests shall be documented. If an inmate tests positive for TB, that inmate shall not be granted assignment to food service.

A review of records of inmates assigned to work in the facility's kitchen revealed inmates that were medically cleared and approved exceeded the 30-day timeframe from which they were to begin working. In most cases, the inmate worker start dates were between two and three months after being approved. Records also revealed medical staff would review prior medical records of inmates previously assigned to the kitchen to determine eligibility and approved those inmates to work in the kitchen without assessing them in person. At times, the inmate kitchen workers would be removed from the kitchen for various reasons in excess of 30 days or more; only to be reassigned without having another initial physical examination by a certified medical provider. Due to the medical staff not consistently performing initial and quarterly visual medical examinations on new

and returning inmate kitchen workers, the facility failed to demonstrate compliance with the standard.

Plan of Corrective Action

The facility administration conducted multi-disciplinary meeting with the medical department as well with the classification section. The following actions have been implemented:

- All inmate food service workers received an updated health assessment by the Doctor of Nursing Practice (DNP) and were medically approved between September 12-14, 2025 to ensure compliance with the standard.
- Visual, medical examinations will be conducted 30 days prior to food service assignments and quarterly thereafter.
- The Health Services Administrator and Quality Assurance Nurse met with the nursing team to provide education on the findings of the audit. The facility's electronic medical records provider implemented a new workflow tracking mechanism to monitor and schedule quarterly evaluations. A nurse supervisor has been designated to perform secondary reviews of the inmate food service worker population.
- Medical staff received training on the newly revised procedure. **Plan of corrective action was verified November 3, 2025.**

4. 6VAC15-40-1080, Emergency Plans and Fire Drills (LHS)

According to standard, there shall be fire prevention practices and written emergency plans that outline duties of staff, procedures and evacuation routes. Emergency plans shall include responses in the event of fire, hazardous material release, loss of utilities natural disaster, hostage situations, riots, disturbances, escapes, bomb threats, and mass arrest. Emergency plans shall be reviewed every 12 mnts by all staff. These reviews shall be documented. Each facility shall conduct and document quarterly fire drills.

A review of the facility's emergency plans training records revealed between 2024-2025, 24 jail staff exceeded the 12-month timeframe from which the training was supposed to have been completed. Training records also revealed the facility's food service contracted employees did not complete the emergency plans review at all. Due to the jail staff exceeding the 12-month timeframe and the food service contracted employees not completing the mandatory training, the facility failed to demonstrate compliance with the standard.

Plan of Corrective Action

Currently the emergency plans policy is assigned within the facility's electronic file system PowerDMS for all agency staff to review and acknowledge once per year. A review of the Standard Operating Procedures (SOPs) is also included and is mandatory for civilian orientation training courses which all civilian staff, contractors and volunteers with inmate contact must complete. The SOP that covers the emergency plans will now be assigned twice per year for review. All reviews must be accompanied with an electronic signature. Training reports will be generated for administrative review to ensure compliance with the standard. Since the compliance audit, all Aramark's employees have completed the emergency plans review. **Plan of corrective action was verified November 3, 2025.**

RECOMMENDATION: Unconditional certification.

Surry County Lockup was audited October 31, 2025. The facility was found compliant 17 out of 18 applicable standards. The facility is certified to house juveniles and the sheriff is requesting recertification to house male and female juveniles in accordance with ***§16.1-249(G) – Code of Virginia***. There was one (1) ***Life, Health and Safety*** standard cited during this audit cycle.

Deficiencies

1. 6VAC15-40-1380, Fire Safety Inspection (LHS)

According to standard, local facilities shall have a state or local fire safety inspection conducted every 12 months. Localities that do not enforce the Virginia Statewide Fire Prevention Code shall have the inspection performed by the State Fire Marshal's Office. Written reports of the fire safety inspection shall be on file with facility administrator.

A review of the facility's inspection reports revealed fire inspections were conducted in July 2024 and September 2025. However, the 2025 inspection exceeded the 12-month timeframe which resulted in the facility's failure to demonstrate compliance with the standard.

Plan of Corrective Action

As a means of correcting the deficiency, the facility will be in constant communication with the State Fire Marshal's office to proactively schedule future fire safety inspections prior to the due date to ensure compliance with the standard. **Plan of corrective action verified October 31, 2025.**

RECOMMENDATION: Unconditional certification.

Standardized Messaging to Local and Regional Jails and Lock-ups for Complaints/Inquiries

[Insert Agency Administrator] ~

The State Board of Local and Regional Jails (BLRJ) has received the forwarded complaint/inquiry concerning [insert local or regional jail or lock-up name]. As outlined in Code of Virginia, BLRJ is responsible for developing and establishing operational and fiscal standards for local and regional jails and lock-ups. BLRJ is not an enforcement body for operational grievances and does not serve as a substitute for the governing authorities of local and regional jails or lock-ups.

As such, this correspondence is being forwarded to your office for review and response. Local and regional jails and lock-ups remain the most appropriate and best positioned to address concerns related to facility operations in a direct and timely manner.

You are encouraged to review the forwarded information and respond accordingly to the individual or entity of origin, raising the concern. If a resolution has already been addressed, initiated, or completed, please share that with the complainant directly.

Thank you for your attention to this matter.

Sincerely,

The State Board of Local and Regional Jails

Standardized Messaging to the Public for Complaints/Inquiries

Thank you for contacting the Virginia Board of Local and Regional Jails (BLRJ).

BLRJ is responsible for developing and establishing operational and fiscal standards governing the operation of local and regional jails. BLRJ is not an enforcement body for operational grievances and does not serve as a substitute for the governing authorities of local and regional jails. Local and regional jails should be the first and most appropriate party to respond to all inquiries, concerns, and complaints, as they are best positioned to address operational matters directly and promptly.

BLRJ is in receipt of your correspondence and has forwarded it to the appropriate local or regional jail for response.

Sincerely,

The State Board of Local and Regional Jails

Sheriff Carlos Turner

SURRY COUNTY SHERIFF'S OFFICE

45 SCHOOL STREET * POST OFFICE BOX 233 * SURRY, VIRGINIA 23883
OFFICE: 757-294-5264 * FAX: 757-294-5111

November 7, 2025

Paul Beaupre, Sr.
Regulatory Compliance Analyst
Board of Local and Regional Jails
Virginia Department of Corrections
P.O. Box 26963
Richmond, Virginia 23261

Dear Mr. Beaupre and Ms. Ferguson,

The Surry County Sheriff's Office is formally notifying the Board of Local and Regional Jails that our lockup facility will now be used solely for courthouse holding. This practice has already been in effect for several months. However, we are now submitting written notification as required.

The courthouse holding facility will serve as a temporary holding location where inmates involved in the judicial process will be securely held while awaiting court appearances or transport back to Riverside Regional Jail, which remains our primary prisoner holding facility.

Sincerely,

Carlos Turner

Carlos Turner,
Sheriff

Colonel Chris Smith, Western Tidewater Regional Jail
Angi Souder, Arlington County Sheriff's Office

CALL TO ORDER

Chair Trent called the meeting to order.

DETERMINATION OF QUORUM

Chair Trent determined quorum present.

PUBLIC COMMENT PERIOD

None

NOMINATING COMMITTEE REPORT/ELECTION OF OFFICERS

Chair Trent transferred leadership of the meeting to Mrs. Jenkins to present the Nominating Committee's report. Mrs. Jenkins reported nominations:

Chair: Mr. Hackworth
Dr. Trent

Vice Chair: Dr. Trent

Secretary: Mr. McLaughlin

Mrs. Jenkins facilitated the Board vote for each office. Results of the vote:

Chair: Mr. Hackworth - 8 votes
Dr. Trent - 2 votes

Vice Chair: Dr. Trent - 10 votes

Secretary: Mr. McLaughlin - 10 votes

MOTION TO RECESS

Motion to recess by Mrs. Jenkins, second by Captain Carey. Unanimous approval.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

RECONVENE OPEN SESSION

Motion by Mr. McLaughlin, second by Mrs. Vermont. Unanimous approval.

Chairman Hackworth returned the meeting to order and expressed his gratitude to serve as Chairman and his anticipation of the work of the Board.

APPROVAL OF JULY MEETING MINUTES

Motion by Mr. Carrera to approve minutes of the July 16, 2025, Board meeting, second by Mrs. Jenkins. Unanimous approval.

JAIL REVIEW DISCUSSION

Chairman Hackworth transferred leadership of the meeting to Mr. Sherrod to direct the discussion of jail review. Mr. Sherrod confirmed quorum to continue business.

CALENDAR YEAR UPDATE

Ms. Lautz stated 43 deaths were reported to BLRJ to-date in Calendar Year (CY) 2025. Two of the 43 deaths were not in custody and, therefore, will not be reviewed. BLRJ has reviewed 34 cases to date in CY25.

MOTION TO INCLUDE NON-BOARD MEMBERS IN CLOSED SESSION:

The following was offered by Mr. McLaughlin as a **Motion**, second by Mr. Carrera:

Motion: Pursuant to the Code of Virginia (COV) §2.2-3712(F) I **MOVE** that the presence of the following individuals will reasonably aid the Board in considering the subject of the closed session:

- a. Jeff Dillman, Riverside Regional Jail
- b. Tawana Ferguson
- c. Brian Flaherty
- d. Jeff Gore, Hefty Wiley & Gore P.C., Attorneys at Law, counsel for Riverside Regional Jail
- e. Mary-Huffard Kegley
- f. Alison Lautz
- g. Tojuanna Mack, Riverside Regional Jail

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

- h. Gerald Olson
- i. Andrew Parker
- j. Demetrice Tyler-Holliday

Unanimous approval.

MOTION TO ENTER CLOSED SESSION:

The following was offered by Mr. Carrera as a **Motion**, second by Mr. Moore:

Motion: Pursuant to the COV§2.2-3711(A) (16) of the Code of Virginia, I **MOVE** the Board begin CLOSED session to discuss and consider medical and mental health records.

Unanimous approval.

RECONVENE OPEN SESSION:

Upon the members' return to open session, the following was offered by Mrs. Vermont as a **Motion**, second by Mr. McLaughlin:

Motion: I **MOVE** the Board reconvene OPEN session and members certify that during the closed session, the Board limited its discussion to matters lawfully exempt from the public meeting requirements as identified in the closed session motion. If a member cannot so certify, I ask they state the reason specifically on the record and the recorder take role.

All members in attendance certified by Roll Call.

ACTIONS

The following was offered by Mrs. Vermont as a **Motion**, second by Mr. McLaughlin:

Motion: The Board investigated the following cases by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Board finds the investigation did not reveal any evidence indicating the facility was out of compliance with the regulations promulgated by the Board. NOW THEREFORE, I **MOVE** the following cases be closed:

Case number 24-0026

Case number 25-0002

Case number 25-0004

Case number 25-0032

Case number 25-0038

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Unanimous approval.

ADDITIONAL ITEMS FOR DISCUSSION:

COV §53.1-69.1(C)

Pursuant to Board direction of July 16, 2025, Mr. Flaherty explained that a letter will be sent September 18, 2025, to the Office of the Inspector General (OSIG) referring to BLRJ case number 25-0001.

MOTION TO RECESS

Motion to recess by Mrs. Jenkins, second by Mr. Moore. Unanimous approval.

RECONVENE OPEN SESSION

Motion by Mr. McLaughlin, second by Mrs. Vermont. Unanimous approval.

POLICY & REGULATIONS DISCUSSION

CALL TO ORDER

Chairman Hackworth transferred leadership of the meeting to Mrs. Jenkins to direct the discussion of policy and regulations. Mrs. Jenkins called the meeting to order and confirmed quorum to continue business.

Certifications, Inspections and Audit Report

Mrs. Ferguson presented the certification, inspections and audit report.

The following was offered by Mrs. Jenkins as a **Motion**, second by Mr. Carrera:

- Motion:** As a result of 100% compliance with Board standards, I **MOVE** unconditional recertification and the suspension of the 2025 Life, Health and Safety inspections for the following facilities:
- a. Greene County Lock-Up
 - b. Meherrin River Regional Jail-Alberta
 - c. Norfolk City Jail
 - d. Piedmont Regional Jail
 - e. Smithfield Town Lock-Up

Unanimous approval.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

The following was offered by Mrs. Jenkins as a **Motion**, second by Mr. McLaughlin:

Motion: As a result of 100% compliance with Board standards, I **MOVE** unconditional recertification to hold male and female juveniles in accordance with COV §16.1-249(G) for the following facility:
a. Greene County Lock-Up

Unanimous approval.

The following was offered by Mrs. Jenkins as a **Motion**, second by Mr. Carrera:

Motion: I **MOVE** unconditional recertification with Board standards to include the hold of male and female juveniles in accordance with COV §16.1-249(G) for the following facilities:
a. Blackstone Town Lock-Up
b. Blue Ridge Regional Jail Authority-Lynchburg Adult Detention Center

Unanimous approval.

DISCUSSION AND ACTIONS

1. Rappahannock Regional Jail Audit

The Board reviewed Rappahannock Regional Jail's appeal of the BLRJ audit dated June 2-4, 2025, specifically the citation regarding 6VAC15-40-540.

The following was offered by Mrs. Vermont as a **Motion**, second by Captain Carey.

Motion: I **MOVE** denial of the appeal and direct BLRJ to conduct an unannounced inspection of Rappahannock Regional Jail.

Yea votes in support of the motion – 5

Nay votes in opposition of the motion – 1

2. Memorandum of Understanding (MOU) with the Virginia Department of Health (VDH)

Mr. Flaherty and Mrs. Ferguson reported BLRJ's successful collaboration with VDH to update the MOU regarding 12-month health inspections. BLRJ awaits VDH approval and signature.

The following was offered by Mr. Hackworth as a **Motion**, second by Mrs. Vermont.

Motion: I **MOVE** approval of the updated BLRJ MOU with VDH.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Unanimous support.

3. COV §53.1-133.06 and 6VAC15-40-985

Mr. Flaherty shared draft regulations regarding the Treatment of Pregnant and Postpartum Inmates. BLRJ will reach out to stakeholders for feedback and report to the Board during the November 19, 2025, BLRJ meeting.

4. Office of Regulatory Management (ORM) Update

Mr. Flaherty reported collaboration with ORM and Vulcan Technologies to consider the BLRJ guidance document for 6VAC15-40-1045 in an effort to follow Governor Youngkin's Executive Orders 19 and 51.

The following was offered by Mr. McLaughlin as a **Motion**, second by Captain Carey.

Motion: I **MOVE** approval of the revised BLRJ guidance document for 6VAC15-40-1045.

Unanimous support.

5. Ms. Lautz reviewed 6VAC15-40 regulations regarding medical and mental health standards.

6. Mr. Flaherty reviewed the BLRJ schedule of meetings for 2026 and the potential to convene in locations around the Commonwealth. BLRJ staff will present a draft schedule at the November 19, 2025, BLRJ meeting.

7. Mr. Hackworth suggested BLRJ consider an MOU with the State Fire Marshal's Office, Virginia Department of Fire Programs (VDFP).

8. Mr. Flaherty shared language updated to the BLRJ website regarding complaints:

The Virginia Board of Local and Regional Jails (BLRJ) is responsible for developing and establishing operational and fiscal standards governing the operation of local and regional jails. BLRJ is not an enforcement body for operational grievances and does not serve as a substitute for the governing authorities of local and regional jails. Local and regional jails should be the first and most appropriate party to respond to all inquiries, concerns, and complaints, as they are best positioned to address operational matters directly and promptly. BLRJ does not have any jurisdiction over state prisons or state correctional facilities, as these powers and duties belong to the Virginia Department of Corrections.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

MOTION to adjourn by Mr. Carrera, second by Captain Carey. Unanimous approval.

Certification Report of the State Board of Local and Regional Jails

September 17, 2025

Jail and Lock-up Compliance Audits

Compliant Facilities - 5

Greene County Lock-up was audited February 10, 2025. The facility was found compliant with 18 *Life, Health and Safety* and other standards. The facility is certified to house juveniles and the sheriff is requesting recertification to house male and female juveniles in accordance with §16.1-249(G) – *Code of Virginia*. There were no deficiencies cited during this audit cycle.

RECOMMENDATION: Unconditional recertification to include male and female juveniles in accordance with §16.1-249(G) – Code of Virginia.

Meherrin River Regional Jail – Alberta was audited July 14-16, 2025. The facility was found compliant with 41 out of 43 applicable *Life, Health and Safety* (2 N/A's), and 82 out of 85 other applicable standards (3 N/A's). The facility is not certified to house juveniles and the superintendent is not requesting certification. There were no deficiencies cited during this audit cycle.

Non-applicable Standards

- 6VAC15-40-1111, *Self-Contained Breathing Apparatus*
- 6VAC15-40-1190, *Housing of Juveniles*
- 6VAC15-40-1193, *Separation of Juveniles*
- 6VAC15-40-1195, *Contact with Juveniles, (LHS)*
- 6VAC15-40-1200, *Isolation and Segregation of Juveniles, (LHS)*

RECOMMENDATION: Unconditional recertification.

Norfolk City Jail was audited July 22-25, 2025. The facility was found compliant with 41 out of 43 (2 N/A's) applicable *Life, Health and Safety* standards and 82 out of 85 (3 N/A's) applicable other standards. The facility is not certified to house juveniles and the sheriff is not requesting certification. There were no deficiencies cited during this audit cycle.

Non-applicable Standards

- 6VAC15-40-1111, *Self-Contained Breathing Apparatus*
- 6VAC15-40-1190, *Housing of Juveniles*
- 6VAC15-40-1193, *Separation of Juveniles*

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

- *6VAC15-40-1195, Contact with Juveniles (LHS)*
- *6VAC15-40-1200, Isolation and Segregation of Juveniles (LHS)*

RECOMMENDATION: Unconditional recertification.

Piedmont Reginal Jail was audited August 4-8, 2025. The facility was found compliant with 41 out of 43 (2 N/A's) applicable *Life, Health and Safety* standards and 78 out of 85 (7 N/A's) applicable other standards. The facility is not certified to house juveniles and the superintendent is not requesting certification. There were no deficiencies cited during this audit cycle.

Non-applicable Standards

- *6VAC15-40-190, Conditions for Inmate Participation in Educational Release or Rehabilitation Release*
- *6VAC15-40-200, Furlough*
- *6VAC15-40-300, Permission of Reading Materials*
- *6VAC15-40-831, Fee for Inmate Keep*
- *6VAC15-40-1111, Self-Contained Breathing Apparatus*
- *6VAC15-40-1190, Housing of Juveniles*
- *6VAC15-40-1193, Separation of Juveniles*
- *6VAC15-40-1195, Contact with Juveniles (LHS)*
- *6VAC15-40-1200, Isolation and Segregation of Juveniles (LHS)*

RECOMMENDATION: Unconditional recertification.

Smithfield Town Lock-up was audited August 8, 2025. The facility was found in compliance with 10 out of 11 (1 N/A) applicable *Life, Health and Safety* standards and 7 out of 7 applicable other standards. The facility is not certified to juveniles and the police chief is not requesting certification. There were no deficiencies cited during this audit cycle.

Non-applicable Standards

- *6VAC15-40-1280, Juvenile Detention (LHS)*

RECOMMENDATION: Unconditional recertification.

Non-compliant Facilities - 2

Blue Ridge Regional Jail Authority – Lynchburg Adult Detention Center was audited May 12-15, 2025. The facility was found compliant with 42 out of 43 applicable *Life, Health and Safety* standards and 75 out of 85 (10 N/A's) applicable other standards. The facility is certified to house juveniles and the superintendent is requesting recertification to house male and female juveniles

Deficiencies

1. 6VAC15-40-1100, Fire Safety Inspection (LHS)

According to standard, the facility shall have a state or local fire safety inspection conducted every 12 months. Localities that do not enforce the Virginia Statewide Fire Prevention Code shall have the inspection performed by the State Fire Marshal's Office. Written reports of the fire safety inspection shall be on file with the facility administrator.

A review of the facility's fire inspection reports for this audit cycle revealed the inspection conducted on October 10, 2024, exceeded the 12-month timeframe from which the September 12, 2023, inspection was done. The 2024 inspection yielded violations. There was no follow up inspection conducted to verify the violations had been corrected. Due the 2024 inspection exceeding the 12-month timeframe, the facility failed to demonstrate compliance with the standard.

Plan of Corrective Action

To correct the deficiency, Blue Ridge Regional Jail Authority's maintenance director will coordinate future inspections with the local Fire Marshal. A fire inspection was performed May 7, 2025, where one deficiency was noted and corrected at the time of the inspection. A follow-up inspection was carried out on May 28, 2025, which the facility was found to be in compliance. **Plan of corrective action was verified June 25, 2025.**

RECOMMENDATION: Unconditional recertification to include male and female juveniles in accordance with §16.1-249(G) – Code of Virginia.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Blackstone Town Lockup was audited August 7, 2025. The facility was found compliant with 17 out of 18 applicable *Life, Health and Safety* and other standards. The facility is certified to house juveniles and the police chief is requesting recertification to house male and female juveniles in accordance with §16.1-249(G) – *Code of Virginia*. There was one (1) *Life, Health and Safety* deficiency cited during this audit cycle.

1. 6VAC15-40-1380, Fire Safety Inspection (LHS)

According to standard, the facility shall have a state or local fire safety inspection conducted every 12 months. Localities that do not enforce the Virginia Statewide Fire Prevention Code shall have the inspection performed by the State Fire Marshal's Office. Written reports of the fire safety inspection shall be on file with the facility administrator.

A review of the facility's documentation for this audit cycle revealed the fire safety inspection for year 2024 was not conducted. Inspection reports for October 23, 2022, and October 23, 2023, were the only reports observed. Due to the fire safety inspection not being conducted in 2024, the facility failed to demonstrate compliance with the standard.

Plan of Corrective Action

The facility followed up with the State Fire Marshal to schedule a fire inspection. In the future, the facility will follow up with the State Fire Marshal to ensure all fire safety inspections are scheduled within 12 months.

Plan of corrective action was verified August 27, 2025.

RECOMMENDATION: Unconditional recertification.

6VAC15-40-985 Revisions in response to COV 53.1-133.06-.09

Definitions (to be included 6VAC15-40-10)

"Postpartum recovery" means the eight-week period, or longer as determined by a health care professional responsible for the health and safety of the inmate, following childbirth.

"Restraints" means any mechanical device, medication, physical intervention, or hands-on hold to prevent the inmate from moving her body.

6VAC15-40-985 Inmates Known to be Pregnant or in Postpartum Recovery.

A. General Procedure.

- a. Inmates shall not be restrained unless an agency administrator or designee makes an individualized determination that:
 - i. the inmate will harm herself, the fetus, the newborn child, or another person;
 - ii. the inmate poses a flight risk; or
 - iii. the totality of the circumstances creates a serious security risk.
- b. If restraints are deemed necessary:
 - i. The restraints shall be the least restrictive means possible;
 - ii. The restraints shall be used in consultation with a healthcare provider whenever the inmate is in medical care or labor/delivery;
 - iii. The restraints shall be immediately removed upon request of any doctor, nurse, or other health care provider if they present a threat to the health or life of the inmate, fetus, or newborn.
- c. If restraints are used:
 - i. Personnel ordering use shall notify the supervisor of use and submit a written report indicating reason for use to supervisor no later than conclusion of the personnel's shift.
 - ii. The Supervisor shall provide a written justification report to the agency administrator within 72 hours of use.
- d. Medical Treatment Unrelated to Childbirth:
 - i. The restraints shall be the least restrictive means possible;
 - ii. Waist chains or belts shall not be used.

B. Transportation Outside the Secure Perimeter.

- a. Inmates shall be handcuffed only in front, unless an individualized determination is made per subsection A.
- b. Waist chains or belts shall not be used.
- c. If more restrictive restraints are necessary:
 - i. Security staff must notify a supervisor as soon as reasonably practicable;
 - ii. A use of force report detailing justification and restraint type must be submitted by the end of the shift;

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

- iii. The supervisor shall submit a written report to the agency administrator within 72 hours of use.

C. Labor and Delivery.

- a. No restraints shall be used unless an individualized determination is made in accordance with subsection A.
- b. Only the least restrictive restraint may be used, in consultation with the treating healthcare provider.
- c. Waist chains or belts are prohibited.
- d. If restraints are applied:
 - i. Restraint removal requests made by healthcare staff must be honored immediately;
 - ii. Notification to a supervisor is required as soon as practicable;
 - iii. A use of force report must be submitted by the end of the shift;
 - iv. The supervisor must submit a written justification report to the agency administrator within 72 hours of use.

D. Postpartum Recovery.

- a. No restraints shall be used during postpartum recovery unless the criteria in subsection A are met.
- b. The least restrictive method shall be used (e.g., one arm or ankle restraint), allowing safe infant handling and bonding.
- c. All documentation and reporting requirements outlined in subsections B and C apply.

E. Body Cavity Searches.

- a. No body cavity search shall be conducted on an inmate known to be pregnant except upon reasonable belief that the inmate is concealing contraband.
- b. Any such search must be followed by:
 - i. A written justification report by the conducting employee within 72 hours of search;
 - ii. A description of any contraband found.

F. Nutrition and Housing.

- a. Pregnant inmates shall be provided adequate food and prenatal dietary supplements per prenatal nutritional guidelines as ordered by a licensed healthcare provider.
- b. A pregnant inmate shall be assigned to the lowest bunk available.

G. Training.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

- a. All security staff who may have contact with pregnant inmates must receive minimum entry-level training pursuant to the COV §§9.1-102, 53.1-133.09, and:
 - i. General prenatal and postpartum care;
 - ii. Effects of restraints on pregnant individuals and fetuses;
 - iii. Effects of restrictive housing and body cavity searches on pregnant inmates.
- b. Annual review of all policies related to restraining pregnant and postpartum inmates shall be conducted by all staff.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

**MEMORANDUM OF UNDERSTANDING
BETWEEN
VIRGINIA BOARD OF HEALTH
AND
VIRGINIA BOARD OF LOCAL AND REGIONAL JAILS**

PURPOSE

The purpose of this Memorandum of Understanding (MOU) between the Virginia Department of Health (VDH) and the Board of Local and Regional Jails (BLRJ) (collectively, "the Parties") is to update the terms of a previous agreement entered into by the above-named Parties. §53.1-68 of the *Code of Virginia* requires BLRJ to collaborate with VDH to establish procedures for annual health inspections of any local correctional facility. Said agreement was entered into on or about March 15, 1995. As the agreement has not undergone revision since its ratification, an update is necessary to ensure the provisions contained therein complement current Virginia law, provide adequate public health protection, reflect the current procedures and policies of the Parties, and demonstrate the best use of public resources.

This MOU is intended to:

- Establish a procedure for the conduct of at least one annual food inspection by the State Health Commissioner or their agents of each local correctional facility,
- Define "food inspection" and "life, health, and safety inspection" and how each affects agencies and local correctional facilities, and
- Identify and clarify the duties of BLRJ and VDH at local correctional facilities.

Definitions

"Local Correctional Facility" means any jail, jail farm, or other place used for the detention or incarceration of adult offenders, excluding a lock-up, which is owned, maintained, or operated by any political subdivision or combination of political subdivisions of the Commonwealth. For the purposes of subsection B of § [53.1-68](#) and §§ [53.1-69](#), [53.1-69.1](#), and [53.1-127](#), "local correctional facility" also includes any facility owned, maintained, or operated by any political subdivision or combination of political subdivisions of the Commonwealth that is used for the detention or incarceration of people pursuant to a contract or third-party contract with the federal government or any agency or contractor thereof.

"Food Inspection" means an inspection pursuant to the Board of Health's Food Regulations (12VAC5-421 et seq).

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

"Life, Health, and Safety inspection" means an inspection conducted by the BLRJ to evaluate sanitary conditions at local correctional facilities.

STATUTORY AUTHORITY

§53.1-68 of the *Code of Virginia* establishes BLRJ's authority to establish minimum standards for the construction, equipment, administration, and operation of local correctional facilities. § 53.1-68. B. establishes that standards concerning sanitation in local correctional facilities and procedures for enforcing these standards shall be promulgated by the BLRJ with the advice and guidance of the State Health Commissioner. The BLRJ, in conjunction with the Board of Health, shall establish a procedure for the conduct of at least one unannounced annual health inspection by the State Health Commissioner or their agents of each local correctional facility. The BLRJ and the State Health Commissioner may authorize such other announced or unannounced inspections as they consider appropriate.

Virginia Administrative Code, Chapter 40. Minimum Standards for Jails and Lockups (6VAC15-40-540. Standards for food service equipment and personnel) requires a written policy, procedure and practice to ensure that the facility's food service equipment and personnel meet the established safety and protection standards and requirements as set forth by the Board of Health's Food Regulations (12VAC5-421 et seq.). The facility shall have a food inspection conducted at least every 12 months.

VDH will permit and inspect local correctional facilities under the existing authority of Code of Virginia Title 35.1 Hotels, Restaurants, Summer Camps, and Campgrounds. Permitted food establishments are required to obtain a permit to operate a food establishment, and such facilities are subject to inspection as outlined in the Board of Health's Food Regulations (12VAC5-421 et seq.).

GENERAL AGREEMENT

This MOU delineates the VDH authority and responsibility related to "food inspections" limited to local correctional facilities with a permit to operate a food establishment, under the administrative authority of Chapter 421, whereas the MOU delineates the BLRJ responsibilities related to "life, health, and safety inspections" at a local correctional facility under the administrative authority of Chapter 40.

The following terms delineate the responsibility of the VDH and the BLRJ as it relates to this MOU.

A. Responsibilities of VDH

Local Health Department Environmental Health staff shall conduct food inspections of local correctional facilities, in accordance with the Board of Health's Food Regulations (12VAC5-421 et seq.) and any applicable guidance documents, memoranda, local ordinances, and/or state law.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

In cases where violations have not been corrected or continue to remain unresolved, VDH staff shall notify and collaborate with BLRJ staff prior to escalated enforcement to determine appropriate intervention strategies to gain compliance. The Office of Environmental Health Services (OEHS) of VDH shall provide technical and administrative guidance to Local Health Districts (LHD) regarding the inspection process and enforcement and will serve as the liaison between BLRJ and the LHD as necessary.

B. Responsibilities of BLRJ

BLRJ staff shall conduct life, health, and safety inspections and audit local correctional facilities pursuant to § [53.1-68, 6VAC15-20, and 6VAC15-40.](#)

C. Responsibilities of Both Parties

BLRJ and VDH may authorize other inspections in the event of a food-borne illness complaint or investigation, imminent health hazard, or as the parties consider appropriate.

TERMS OF MOU AND CONSENT

Either party may request changes to this MOU at any time. Any changes, modifications, revisions or amendments to this MOU which are mutually agreed upon by and between the parties to this MOU shall be in writing, and effective when executed and signed by the Parties. This MOU may be amended in the event of legislative or regulatory action pertaining to the subject matter contained herein.

VDH and the BLRJ do hereby agree this MOU shall be effective upon signature by both the Chair of the Board of Local and Regional Jails and the State Health Commissioner, or their duly authorized representatives. Such authority under this MOU, to the extent legally possible, shall be delegated to those persons responsible for carrying out the terms of this agreement.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

**HB 1942 Workgroup Recommendations Regarding Mental Health Standards for Virginia's
Local and Regional Jails**

Standard #1: ACCESS TO CARE

Inmates have access to care to meet their mental health needs.

Standard #2: POLICIES AND PROCEDURES

The facility has a manual or compilation of policies and defined procedures regarding mental health care services which may be part of larger health care manual.

Standard #3: COMMUNICATION OF PATIENTS NEEDS

Communication occurs between the facility administration and treating mental health care professionals regarding inmates' significant mental health needs that must be considered in classification decisions in order to preserve the health and safety of that inmate, other inmates, or safety of the institution/staff. Communication is bi-directional and occurs on a regular basis either through planned meetings or impromptu meetings as the need arises.

Standard #4: MENTAL HEALTH TRAINING FOR CORRECTIONAL OFFICERS

A training program established or approved by the responsible health authority in cooperation with the facility administration guides the mental health related training of all correctional officers who work with inmates.

Standard #5. MENTAL HEALTH CARE LIAISON

A designated, trained mental health care liaison coordinates the health services delivery in the facility on those days when no qualified health care professionals available for 24 hours. The liaison can be a supervisory correctional staff member or any designated staff member as long as they have received training on their role and have the authority to intervene when situations arise.

Standard #6. MEDICATION SERVICES

Medication services are clinically appropriate and provided in a timely, safe and sufficient manner - within 48hrs (unless there is data/evidence to suggest a more timely intervention is needed) there will have been an evaluation of the situation either by nurse, PA, etc. to develop a medication plan which could include referral to a physician and prescriptions (as indicated).

Standard #7. MENTAL HEALTH SCREENING

Mental health screening is performed on all inmates on arrival at the intake facility to ensure that emergent and urgent mental health needs are met.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Standard #8. MENTAL HEALTH ASSESSMENT

All inmates receive mental health screening; inmates with positive screens receive a mental health assessment.

Standard #9. EMERGENCY SERVICES

The facility provides 24 hour emergency mental health services.

Standard #10. RESTRICTIVE HOUSING

When an inmate is held in restrictive housing, staff monitor his or her mental health

Standard #11. CONTINUITY AND COORDINATION OF HEALTH CARE DURING INCARCERATION

All aspects of health care are coordinated and monitored from admission to discharge.

Standard #12. DISCHARGE PLANNING

Discharge planning is provided for inmates with mental health needs whose release is imminent.

**SB 1330 Workgroup Recommendations Regarding Services Provided to Inmates during
Pregnancy, Pregnancy Termination, Labor and Delivery, and Postpartum Recovery**

RECOMMENDATION 1:

For female inmates, the admission screening should include inquiry into the following: possible pregnancy or gynecological problems; menstrual and postpartum history including medication management of current/previous issues; prior pregnancies (whether resulting in miscarriage, delivery, or medical termination); and whether the inmate is currently breastfeeding.

RECOMMENDATION 2:

When, at the admission screening, a female inmate responds affirmatively to the pregnancy inquiry, a pregnancy test shall be made available within 72 hours (three business days) of booking. Thereafter, pregnancy tests shall be made available to female inmates at assessment, within fourteen (14) days of admission, or earlier as directed by a medical authority.

RECOMMENDATION 3:

Specialty Diets and supplements for pregnant and lactating inmates shall be determined by a registered dietitian and reviewed by the medical authority.

RECOMMENDATION 4:

Educational materials and/or a list of local resources, as applicable, shall be made available to pregnant, lactating, or postpartum inmates on the subjects of nutritional needs, levels of activity, safety precautions, lactation/pumping policies, and child placement options.

RECOMMENDATION 5:

Pregnant inmates shall be assessed for potential alcohol and/or substance use within 72 working hours (three business days) of admission screening, initial confirmation of pregnancy, or earlier as deemed necessary by the medical authority, and necessary treatments shall be made available. Additionally, documented efforts shall be made to refer pregnant inmates to an OBGYN, a Nurse Practitioner, or a midwife for initiation of care as soon as possible but no later than within 72 working hours (three business days) of assessment, initial confirmation of pregnancy, or earlier as deemed necessary by the medical authority.

RECOMMENDATION 6:

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Inmate handbooks shall include a statement directing pregnant and/or postpartum inmates to contact their attorney to initiate consideration of available alternatives to incarceration and/or furloughs to gain access to the child.

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

**SB 603 Workgroup Recommendations Regarding Incarcerated Women Who Are Pregnant
And In Need of Substance Abuse Treatment**

RECOMMENDATION 1

Revise BOLRJ Minimum Standards to include:

- a. When, at the admission screening, a female responds affirmatively to the pregnancy inquiry, a pregnancy test shall be made available as soon as possible but no later than within 72 hours of booking. Thereafter, pregnancy tests shall be made available to individuals at assessment, within fourteen days of admission, or as directed by a medical authority.
- b. Pregnant individuals shall be assessed for potential alcohol and/or substance use within 72 working hours (three business days) of admission screening, initial confirmation of pregnancy, or earlier as deemed necessary by the medical authority, and necessary treatments shall be made available. Additionally, documented efforts shall be made to refer pregnant individuals to a licensed obstetric provider (OBGYN, Nurse Practitioner, or midwife) for initiation of care as soon as possible but no later than within 72 working hours (three business days) of assessment, initial confirmation of pregnancy, or earlier as deemed necessary by the medical authority.

RECOMMENDATIONS 2

Adopt the following “best practices” statement regarding treatment for pregnant women with SUD: “All pregnant women in carceral settings should be offered and have access to evidence-based substance use disorder evaluation and treatment.”

RECOMMENDATION 3

To the extent possible, pregnant individuals should be diverted from incarceration and instead placed in appropriate community programs that recognize their unique treatment needs. This could be done through approaches such as family dockets, programs through local community services boards, and other treatment-oriented programs. Judges and other stakeholders will need to be educated about these alternative options.

RECOMMENDATION 4

Provide training to correctional facility administrators and staff on the special needs of pregnant individuals. In addition to an awareness to provide appropriate medical and psychological treatment, correctional facilities need to remain aware of the legal rights afforded incarcerated individuals.

RECOMMENDATION 5

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Avoid the use of language that stigmatizes pregnant individuals, include those with lived experience in decision-making regarding this population, and address the need for trauma informed responses when working with this population.

RECOMMENDATION 6

Facilities should develop a discharge plan to address pregnancy and postpartum needs following release. These services should include connection to an OBGYN provider, substance use disorder treatment, and Medication Assisted Treatment, if applicable. These plans should also be extended to the pretrial population. These plans should be developed prior to release to ensure “wrap around” services that prevent gaps from occurring in the period immediately following release. Providing such wrap-around services would reduce the risk of post-release relapse and overdose.

RECOMMENDATION 7

Provide access to Medication Assisted Treatment for a minimum of one-year postpartum (regardless of how the pregnancy ends). Providing such treatment will assist with postpartum depression and reduce the risk of post-release relapse and overdose.

RECOMMENDATION 8

Examine the feasibility of increasing Virginia’s number of Social Security Act 1115 waiver applications to allow pregnant individuals to access Medicaid while incarcerated. Current federal law generally prohibits incarcerated individuals from receiving Medicaid assistance. However, 1115 waivers give states additional flexibility to design and improve their programs and to demonstrate and evaluate state-specific policy approaches to better serving Medicaid populations.

RECOMMENDATION 9

Examine the feasibility of the Commonwealth assuming financial responsibility for all pregnant individuals (including postpartum services) whether in VADOC facilities or in local or regional facilities regardless of state responsible or local responsible status.

RECOMMENDATION 10

Increase training and support to local and regional jails on how to identify funding opportunities and better enable them to apply for grant funding to provide services to individuals under their custody.

RECOMMENDATION 11

A separate study should be conducted to develop recommended treatment standards for juvenile pregnant individuals with SUD that are confined in state or local facilities.

RECOMMENDATION 12

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

Virginia should collect more complete data concerning the prevalence of pregnant individuals with SUD who are incarcerated. To accomplish this, workgroup members suggested the following:

- Establish a mandatory process for identifying, counting, and tracking the number of incarcerated individuals who are pregnant and in need of SUD treatment, to include the demographics of this population.
- Conduct a study of how pregnant individuals are perceived and treated at different steps in the justice system – by law enforcement, prosecution, the judiciary, corrections and post-release. For example, how does law enforcement determine whether a pregnant individual who is arrested should be taken to a lockup or to a medical facility? Are judges more or less likely to incarcerate a pregnant person than a similarly situated person who is not pregnant?
- Develop a statewide inventory of services that are available to pregnant individuals in the justice system and examine the effects of these services on outcomes to determine best practices.

Senate Bill 1039: DOC and State Board of Local and Regional Jails; policies on inmate participation in telehealth

1. That §§ 53.1-5 and 53.1-10 of the Code of Virginia are amended and reenacted as follows:

§ 53.1-5. Powers and duties of Board.

The Board shall have the following powers and duties:

1. To develop and establish operational and fiscal standards governing the operation of local, regional, and community correctional facilities;
2. To advise the Governor and Director on matters relating to corrections;
3. To make, adopt and promulgate such rules and regulations as may be necessary to carry out the provisions of this title and other laws of the Commonwealth pertaining to local, regional, and community correctional facilities. The Board, when promulgating regulations and adopting any policy or guidance document related to the enforcement of any minimum standards applicable to local, regional, and community correctional facilities, shall expressly and specifically include such items in its published agenda for meetings of the Board or any of its subcommittees. No standard, policy, or guidance document may be promulgated, amended, or rescinded in entirety or in part without compliance with this article;
4. To ensure the development of programs to educate citizens and elicit public support for the activities of the Department;
5. To develop and implement policies and procedures for the review of the death of any inmate that the Board determines warrants review that occurs in any local, regional, or community correctional facility. Such policies and procedures shall incorporate the Board's authority under § 53.1-6 to ensure the production of evidence necessary to conduct a thorough review of any such death. Notwithstanding any other provision of law, the Board shall adhere to procedures of the Administrative Process Act (§ 2.2-4000 et seq.) in promulgating such policies and procedures;
6. To establish minimum standards for health care services, including medical, dental, pharmaceutical, and behavioral health services, in local, regional, and community correctional facilities and procedures for enforcing such minimum standards, with the advice of and guidance from the Commissioner of Behavioral Health and Developmental Services and State Health Commissioner or their designees. Notwithstanding any other provision of law, the Board shall adhere to procedures of the Administrative Process Act (§ 2.2-4000 et seq.) in promulgating such policies and procedures. Such minimum standards shall require that each local, regional, and community correctional facility submit a standardized quarterly continuous quality improvement report documenting the delivery of health care services, along with any improvements made to those services, to the Board. The Board shall make such reports available to the public on its website. The Board may determine that any local, regional, or community correctional facility that is accredited by the American Correctional Association or National Commission on Correctional Health Care meets such minimum standards solely on the basis of such facility's

**COMMONWEALTH OF VIRGINIA
BOARD OF LOCAL AND REGIONAL JAILS
MINUTES**

accreditation status; however, without exception, the requirement that each local, regional, and community correctional facility submit a standardized quarterly continuous quality improvement report to the Board shall be a mandatory minimum standard; ~~and~~

7. To develop and implement policies for the accommodation in local, regional, and community correctional facilities of inmate participation in telehealth appointments, which shall include policies on designating a private space for such telehealth appointments to occur; and

8. To report annually on or before December 1 to the General Assembly and the Governor on the results of the inspections and audits of local, regional, or community correctional facilities conducted pursuant to § 53.1-68 and the reviews of the deaths of inmates that occur in any local, regional, or community correctional facility conducted pursuant to § 53.1-69.1. The report shall include (i) a summary of the results of such inspections, audits, and reviews, including any trends identified by such inspections, audits, and reviews and the frequency of violations of each standard established for local, regional, or community correctional facilities, and (ii) any recommendations for changes to the standards established for local, regional, or community correctional facilities or the policies and procedures for conducting reviews of the death of inmates to improve the operations, safety, and security of local, regional, or community correctional facilities.

BOARD OF LOCAL AND REGIONAL JAILS
AGENDA**

September 17, 2025; 9:30 a.m.
6900 Atmore Drive, 3rd Floor Main Board Room
Richmond, VA 23225

1. Call to Order
2. Determination of Quorum
3. Public Comment
4. Nominating Committee Report/Election of Officers
5. Motion to Recess
 - a. **Motion:** I **MOVE** the Board of Local and Regional Jails stand in recess.
6. Return to Open Session
 - a. **Motion:** I **MOVE** the Board of Local and Regional Jails reconvene open session.
7. Approval of July 16, 2025, Board Meeting Minutes
 - a. **Motion:** I **MOVE** approval of July 16, 2025, Board meeting minutes.

JAIL REVIEW

10:00 a.m.-11:30 a.m.

8. Call to Order
9. Determination of Quorum
10. Calendar Year Update
11. Enter Closed Session
 - a. Proposed Motion to Include Specific Non-Members to Join in Closed Session:

i. **Motion:** Pursuant to §2.2-3712(F) of the Code of Virginia (COV), I **MOVE** the following individuals will reasonably aid this Board in considering the subject of the closed session:

Jeffrey Dillman, Riverside Regional Jail
Tawana Ferguson
Brian Flaherty
Mary-Huffard Kegley
Alison Lautz
Tojuanna Mack, Riverside Regional Jail
Gerald Olson
Andy Parker
John Rock
Demetrice Tyler-Holliday

b. Proposed Motion to Enter Closed Session

ii. **Motion:** Pursuant to §2.2-3711(A) (16) COV, I **MOVE** the Board begin CLOSED session to discuss and consider medical and mental health records; and pursuant to §2.2-3711(A)(8) COV to consult with legal counsel regarding specific legal matters requiring the provision of legal advice by such counsel.

12. Enter Open Session and Certify Discussion was Limited to Medical and Mental Health Records

a. Proposed Motion to Enter Open Session

i. **Motion:** I **MOVE** the Board reconvene OPEN session and members certify that during the closed session, the Board limited its discussion to matters lawfully exempt from the public meeting requirements as identified in the closed session motion. If a member cannot so certify, I ask they state the reason specifically on the record and the recorder take role.

13. Cases Recommended for Closure:

a. Suggested Motion to Close Cases **With no Violations:**

i. **Motion:** The Board investigated the following cases by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Board finds the investigation did not reveal any evidence indicating the facility was out of compliance with the regulations promulgated by the Board. NOW THEREFORE, I **MOVE** the following cases be closed:

b. Suggested Motion to Close Cases **Where Violations Were Properly Addressed:**

ii. **Motion**: The Board investigated the following cases by reviewing institutional, medical, and mental health records and other relevant evidence of the circumstances surrounding each death. The Board finds the investigation did reveal evidence indicating the facility was out of compliance with the regulations promulgated by the Board. However, the Board finds the corrective actions taken by the jail appropriately addressed the substance of the violation and no further measures are necessary. NOW THEREFORE, I **MOVE** the following cases be closed:

14. §53.1-69.1(C.) COV

15. Additional Items for Discussion

16. Motion to Recess

a. **Motion**: I **MOVE** the Board of Local and Regional Jails stand in recess.
